

prodigy

Dear Parents,

This year we've been using an exciting educational game called Prodigy. While we will be using the program during school hours, students can play with the same character at home to supplement their practice!

Help your child by registering a *free parent account* now.

1. Go to www.prodigygame.com and select "Get your free account" to create.
2. Once you're logged in, select "Link your child's account to see their progress".
3. Select "Add Students" and then set the toggle to "Existing accounts".
4. Enter your child's username and password and then select "Link student accounts".

A Prodigy Parent account gives you access to multiple comprehensive reports, daily and weekly usage data and we'll even email you from time to time about your child's progress!

How does my child play Prodigy at home?

1. Go to www.prodigygame.com on almost any Internet enabled device.
2. Select "Play Prodigy" in the top-right corner.
3. Enter your child's username and password and then select "LOGIN".

Your child's username and password can be used to log in to the game by following the instructions above.

Your Child's Username: _____ Password: _____
